GOV'T WATCH
Serving and Protecting the Filipino Consumer

GOV'T WATCH ALARMED BY POWER OUTAGES IN VISMIN

GOV'T WATCH is alarmed over the daily **2 to 4 hour POWER BROWNOUTS** in parts of Visayas and Mindanao.

GOV'T WATCH Chairman Raul T. Concepcion, received reports from City/provincial officers in typhoon and earthquake-ravaged **Iloilo, Cebu, Cagayan de Oro and Davao** that these areas have been suffering daily brownouts.

We realize that local government units and other government agencies are still conducting relief and search operations in these areas.

However, **SUMMER is fast approaching** and the brownouts situation might worsen if government does not move fast in this regard.

Business establishments and residents have also expressed concern that the brownouts might extend to **8 hours** daily especially because they experience **DROUGHT** during the summer months.

GOV'T WATCH strongly suggests that dams in the area be opened so that water can be utilized to generate power. During the rainy season, the water in the dams will be replaced and can build up reserves.

We are optimistic that if we work together, we can find a quick solution to the situation and help our countrymen in these areas to cushion the impact of these brownouts and also the ever increasing cost of oil.

Raul T. Concepcion
Chairman

Your comments or suggestions on this issue are important to us.

Do you Agree or Disagree that Government must act immediately in addressing the power outages in VISMIN?

GOV'T WATCH would like to get your comments or suggestions on it. Please send your views and comments to GOV'T WATCH via SMS [illegible] via email [illegible]
